We are particularly grateful for the assistance of Katerina Ryabiko and the staff of Freedom House/Budapest, who arranged and coordinated the NGO grants necessary to complete the Index in the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland and Slovakia.

We would also like to thank the many local NGOs who helped organize expert group discussions and draft reports in many of the countries.

Finally, we would like to express our deep gratitude to all of the local NGO experts, USAID partners and international donors who participated in the expert group discussions in each country. Their knowledge, perceptions, ideas, observations and contributions are the foundation upon which this Index is based.
